VOL. XLV. Number 54

LAWRENCE COLLEGE, APPLETON, WIS.

Friday, May 4, 1928

## Name Heads For 1928-29 Lawrentian

**John Walter Editor-in-Chief; Wensink Is Elected Business Manager**

By Elsa Grimmer

John Walter, '29, is to succeed Violet Christensen, '28, as editor of the Lawrentian for 1928-29, following the elections of the Lawrentian board of control held Saturday afternoon. Irwin Wensink, '29, will be business manager, filling the position held by Burton Behling, '28.

Anna Marie Perschbacher, '29, was elected news editor to succeed Mary Gregory, '28, while Bernice Case, '29, was named copy editor. The position of headlines and makeup will be filled by Hayward Biggers, '31.

Koch Is Assistant

Edgar Koch, '30, who served as second assistant business manager of the Lawrentian during the past year, and who is the business manager elect of the 1930 Ariel, was made first assistant business manager for the coming year.

During the past year John Walter served as headline and makeup man for the Lawrentian. In 1926-27 he did reportorial work, winning the bronze quill given to the outstanding man reporter. He has also had professional experience as a reporter on a Green Bay newspaper and is president of the local chapter of Pi Delta Epsilon, national honorary journalistic fraternity for men.

Irwin Wensink, who is to be the new business manager, was assistant business manager during the past year and previous to this has had experience on the business staff of the paper. He also is a member of Pi Delta Epsilon.

Anna Marie Perschbacher, the new news editor, has served as a reporter for the past two years. Last year she won the bronze quill given to the best woman reporter. In addition to her Lawrentian work she was on the Ariel staff for the last two years, being editor of the administration department this year. She is a member of Theta Sigma Phi, national honorary journalistic fraternity for women.

Bernice Case, who succeeds Elizabeth Earle, '29, as copy editor, has had three years of experience on the copy editor during a part of last year, and proof-reader for three years. She is also a member of Theta Sigma Phi, and editor of the 1928 Latinist. Hayward Biggers did unusually fine work as a member of the sport staff of this year.

## Franzke Is Principal Speaker At Meeting

Prof. A. L. Franzke of the department of public speaking was the principal speaker at the meeting of the Lawrence Alumni Association of Chicago, which was held Tuesday evening at the St. Clair hotel. The election of officers for the coming year was also a feature of the meeting.

The new officers are: president, Forrest Kirkpatrick, '18; vice-president, Nina Hall Morrison, '10; secretary-treasurer, Merrill Youtz, '16.

A decision was made to hold two meetings next year, instead of one. The first meeting will be held in the fall, and the second in the spring.

## Clipping Reads Hunt Essay In Convocation

Prof. Frank W. Clipping of the English department read "A Few Thoughts on Sleep" by Leigh Hunt at Thursday convocation.

Preceding the reading of the essay, Professor Clipping stated that the reason we are told to read the old writers is because they wrote such forceful truths, applicable yet today. There is also a tendency on the part of the reader to modernize the sayings of these old writers, which makes them attractive reading for all time.

## President Wriston Speaks Before Council At U. of Minnesota

Dr. Henry M. Wriston spoke last evening before a meeting of the American Alumni Council at the University of Minnesota on the subject "The Place of the Alumni in the Organization of the College." President Comstock of Radcliffe College, Cambridge, Mass., also was a speaker at the alumni gathering.

Dr. Wriston went to Minneapolis from Kansas City, where he has been attending the general conference of the Methodist Church as a Wisconsin lay delegate. He planned to return to Kansas City immediately after fulfilling his Minneapolis engagement.

Dr. J. R. Denyes, of the Lawrence faculty and seven members of the board of trustees of the college are also in Kansas City as delegates to the Methodist convention.

## Courses Announced For 1928-9 At College Office; Changes Made

**Tendency Toward Liberalization and Flexibility Shown in Latest Bulletin**

The appearance of the announcement of courses for the academic year 1928-29, which may now be secured at the college office, marks the first step of the college administration's spring registration program. Several changes in the curriculum, the result of two years of experience with the present system, have been incorporated, and according to college officials, require special attention.

The tendency toward liberalization and greater flexibility, which has been manifested in the announcement of courses during the past years, is carried to an even farther degree in the latest bulletin. The basis of choices has been somewhat altered, certain courses closed to particular grades of students in the past have now been opened to them, and the length and character of other courses have been changed.

The announcement of courses carries a more explicit treatment of the course of study leading to the Bachelor of Philosophy degree this year than has been given in the past. According to the new announcement, students pursuing a course leading to the Bachelor of Arts degree, if in the upper one-fifth of the class, will be required to take but one semester of work in English composition, and not six hours, as in the past. Second semester composition work for these students will be elective.

A new course, political science, may now be substituted for history in the freshman year. Political science, the introduction to philosophy, and an introduction to sociology have been made full year courses. A number of second semester courses, including courses in biblical literature, public speaking, art, and economic geography, and new beginning courses in zoology, Spanish, and German are also being offered.

Several courses, now closed to students until their second semester sophomore year or the first semester of the junior year, have now been opened to sophomores. As a result, second year students will next year be able to pursue a six hour course in continuation of any subject begun in their freshman year, with the possibility of taking both science and mathematics. Both general psychology and educational psychology may be taken by sophomores during the coming school term.

A number of courses, not offered during the 1927-28 school year, but which come on alternate years and which will be offered during 1928-29, are also listed.

**Reads In Chapel**

Miss Lucile Welty, instructor in public speaking, read "My Lady's Lace", a play by Edward Knoblock, at convocation Tuesday morning.

## Settings For College Play Are Finished

**Three Sets To Be Used By "The Ship" At Appleton Theatre May 21**

Settings for this year's All-College play, "The Ship" by St. John Ervine, which is to be given at Fischer's Appleton theatre May 21, have been completed, according to those in charge of this work.

Three sets are required in the play, two interiors and one exterior. The properties for the first act, which takes place in the home of an upper-class Englishman, a prosperous ship-builder, include models of ships, which have been made of paper-mache, are now entirely completed.

A room in a farm house furnishes the background for the second act. It is very rough and bare in marked contrast to the setting of the preceding act. The final act of the play opens with the interior set, but shifts to a garden scene and then back again to the interior background.

Two committees were in charge of arranging the settings. Margaret Boslough, '29, was chairman of one with Agnes Mae Innis, '29, and Diel Snyder, '29, as members of her committee; Helen Greenwood, '28, headed the other, Sophia Haase, '29, Henry Berzinsky, '30, and Ruth Ann Linn, '29, assisting her. Ship models and posters were in charge of George Jacobson, '28, with Margaret Boslough, Marielle Edens, '28, and George Krause, '29, also serving on the committee.

The east, which is holding frequent rehearsals, includes Ferne Warsinske, Gladys Rydeen, John Robson, Marielle Edens, George Jacobson, all '28, John Walter, George Krause, both '29.

## Seven Are Initiated Into Tau Kappa Alpha

Two girls and five men, all members of this year's varsity debate squads, were initiated into Tau Kappa Alpha, national honorary forensic fraternity, at the annual banquet of the fraternity, held Monday evening at the Hotel Northern.

The students who were initiated were Elsa Grimmer, '28; Mildred Christman, '29; Walter Voecks, '30; Ervin Marquardt, '29; Arthur Mueller, '29; Elmer Ott, '28; and Ernest Enquist, '29. These students all have earned marked distinction in the field of forensic activity.

At the annual business meeting which was held at the conclusion of the banquet, the following officers were elected for 1929:

Walter Voecks, president; Ervin Marquardt, vice-president; Mildred Christman, secretary-treasurer; and Ernest Enquist, historian.

## Fourteen Women Have Been Lawrentian Editors-in-Chief

Many years before the nineteenth amendment was passed, Lawrence women were proving that woman's place is in the editor's chair. Since Guida Bossard filled the editorial position in 1882, there have been fourteen women editors.

The practice of having a college paper was initiated in 1871 with J. S. Thwing as editor. From 1871 to 1881 only men held the supreme position. Between 1881 and 1891 there were two women who had guided the reins; between 1891 and 1901 five women; between 1901 and 1911 two women, and from 1911 until the present time, four women. The last decade, which is supposed to have inaugurated woman as man's professional equal, has had less women editors than the submissive mauve decade, which flouted

## Orators Meet At Lawrence On May 17

**Speakers From Wisconsin and Michigan In Traditional Contest This Month**

On May 17 Lawrence college will act as host to the leading orators and extemporaneous speakers of Wisconsin and Michigan high schools. These students will compete for honors in the annual forensic contest that has become one of Lawrence's oldest traditions.

The contest this year promises to be even more successful than last year's event. Present indications point to a record attendance by forensic contenders who have established strong reputations in their local high schools.

**Expect 40 Speakers**

While the exact number of contestants is not yet definitely known by the forensic board, it is estimated that forty speakers will represent their high schools on the Lawrence platform. Substantial scholarships are awarded to the winners of first, second, and third places and the winning speakers are also presented with gold, silver and bronze medals. The combined team having the highest total percentage is presented with a shield which remains in the permanent possession of its school.

That these contests are beneficial both to the individual contenders and to Lawrence college is evidenced by the fact that some of the outstanding campus leaders and debaters of recent years were products of these contests. Willard Henoch, '26, won first place in competition here while a member of Washington high school of Milwaukee. Later he not only became one of Lawrence's most effective debaters but was also president of the All-college club. Harry Snyder, '27, who represented his high school in the annual contest later was elected head of the student body and also won the college oratorical contest. William Verhage, '28, Ervin Marquardt, '29, and William Herman, '30, and Dan Hopkinson, '31, all members of this year's undefeated varsity debate squad, are other products of the annual forensic contest.

## To Present Recital At Peabody Hall Tonight

Students from the studios of Helen Mueller, contralto, and Hudson Bacon, pianist, will present a recital at Peabody hall this evening. Those who will take part are Henrietta McDermott, Emma Lou Williams, Louise Fisher, Helen Hector, Leora Calkins, Margaret Jones, Dorothy Place, Lynda Peterman, Luella Erbe, Gertrude Edwards, Clayton Ritchie, and Lois Schilling. The accompanists will be Lucille Nelson and Everett Roundebush.

## M. du Gord To Speak In Appleton May 9 On French Cathedrals

M. Armand du Gord, noted French lecturer, will deliver a lecture on French Cathedrals at the Appleton Vocational school on May 9. M. du Gord is being brought here under the auspices of the French club.

The lecture, which will be given entirely in French, will be illustrated with slides of cathedrals, pictures which M. du Gord took himself.

M. du Gord, who is a member of the faculty at Northwestern university, delivers a series of lectures in French which all students of French at that institution are required to attend once a week.

Each summer he returns to France to develop his collection of pictures on architecture and the geography of the country. Since M. du Gord takes these pictures himself, they are particularly well adapted to his lectures and illustrate the important points better than commercial slides.

Tickets for the lecture are now on sale and may be bought from any member of the French club.

## Charm of an Etching Is Brevity, Lecturer Tells Large Crowd

**Mrs. Bertha E. Jaques of Chicago Gives Interesting Talk On "Etchings"**

"The charm of an etching is brevity," said Mrs. Bertha E. Jaques of the Chicago Society of Etchers, who demonstrated the process before a capacity audience in the Little Theatre, Tuesday afternoon. "An etching," she said, "should not be an essay, but a telegram of the subject." Mrs. Jaques gave the following criteria for judging a good print: originality or freshness of conception of the subject, the artistry of its composition, the quality of its lines, and its transmission of vitality or the "germ of life."

When an etching is made lines are first drawn on a copper plate with a steel needle and bitten in the plate with acid. Wax ground overlays the plate and because of its pliancy enables the artist to draw on the metal with the same ease he would on paper. Gradations in light and shade are achieved by regulation of the durations of acid applications. To print the picture is as much an art as etching. "Not every etcher is a printer," said Mrs. Jaques. "A good printer can improve a poor etching but not vice versa." The plate is inked with a roller and then wiped with a piece of tarlatan so as to get the ink off the roller and leave it in the lines.

Mrs. Jaques, who is one of this country's most distinguished artists, took up etching after the loss of her three children thirty years ago, and has done much since that time for the revival of the art. She is the originator of the rhymed greeting card.

## Pi Delta Epsilon Cup Awarded To Biggers

Hayward Biggers, '31, will receive the silver cup annually awarded by Pi Delta Epsilon, journalistic fraternity, for the most outstanding freshman on the 1927-28 Lawrentian staff, it was decided at a meeting of the organization Tuesday evening. During the past year Biggers has served on the Lawrentian staff, and was recently elected headlines and makeup man for next year.

John Walter, '29, was named president of Pi Delta Epsilon for the coming year, and the following were elected to fill fraternity offices: Alois Fischl, '29, vice-president; Irwin Wensink, '29, secretary-treasurer; and Jack Rudolph, '30, corresponding secretary.

Pi Delta Epsilon will again take over the editing of the Lawrence college handbook for 1928-29, it was decided at the meeting.

## Seven Track Men Entered In Carnival

**Don and Doug Hyde, Ellis, Pope, Menning, Brussat and Wolfe Leave For St. Paul**

Coach A. C. Denney, with a picked squad of seven men, will leave for St. Paul, Minnesota, Friday night to enter the Sixth Annual Hamline Relay Carnival, which will be held Saturday afternoon at Hamline university field. The men who will make the trip are Captains Donald and Douglas Hyde, DeGoy Ellis, Ray Menning, Howard Pope, Ray Brussat and Charles Wolfe.

**Two Teams Entered**

The Lawrence track mentor plans to enter his men in three events, the half mile relay, the medley relay, and the high jump. In the 880 yard event, Don Hyde will start the race, Pope and Brussat will run in the order named, and Doug Hyde will carry the baton on the last lap.

In the medley relay, Doug Hyde will again step his specialty, the 220 yard dash. The 440 and 880 will be taken care of by Don Hyde and Menning, respectively, both of whom are veterans at the distances, and Charles Wolfe will run the mile, which is his best performance.

**Ellis In High Jump**

Coach Denney also plans to enter DeGoy Ellis in the high jump. Ellis has shown considerable improvement in the past few weeks, and according to Coach Denney, he has a good chance of placing in the event.

The blue and white tracksters who are making the trip will face some of the stiffest competition of the entire season. Records set in the past few years in the two events in which Lawrence will be entered, show the calibre of the meet in general. Last year Carleton college set a new mark of 1:33.3 in the half mile relay, and the previous year, the Iowa State Teacher's college broke the tape in the medley run in 8:09.1.

Among schools who have entered the meet are Lawrence college, Carleton college, North Dakota State, Hamline, Gustavus Adolphus, St. Thomas, Macalester, and St. Olaf college.

**To Give Recital**

Mr. A. H. Arneke, organist of the conservatory faculty, will present his students who are members of Sigma Alpha Iota, in a recital at the Methodist church, Monday evening.

## The BILLBOARD

Saturday, May 5—Pi Kappa Tau Informal Dinner-dance.

Beta Sigma Phi House Party.

Phi Kappa Alpha Formal.

Friday, Saturday, Sunday, May 4, 5, 6—Sigma Phi Epsilon Reunion.

Wednesday, May 9—M. du Gord Lecture at the Vocational School.

Saturday, May 12—Zeta Tau Alpha Formal.

Alpha Gamma Phi Informal.

Herman Erb Prize Examinations.

Alpha Delta Pi Mother's Day banquet.

Sunday, Monday, May 13-14—Music Festival at Chapel.

Beta Sigma Phi Mother's Day banquet.

Saturday, May 19—High School Track Meet.

Kappa Alpha Theta Formal.

Theta Phi Spring Formal.

Delta Sigma Tau Spring Informal.

Monday, May 21—"The Ship", All-College Play, at Appleton Theatre.

Friday, Saturday, Sunday, May 25, 26, 27—Delta Iota Homecoming.

Saturday, May 26—Delta Gamma Semi-formal.

Alpha Delta Pi Spring Formal.

Tuesday, May 29—Kappa Delta Spring Formal.

## OUR PLATFORM

Loyalty To Lawrence  
Better Inter-Group Relations  
Non-Partisan Elections  
Gradual Extension of Student Government

## THE PLATFORM

With this issue of the Lawrentian a new editor takes over the task of editing the paper which Miss Violet Christensen has handled so ably for two years. The new editor, feeling that the policy of his predecessor is broad and constructive in its scope, plans no immediate change in policy, at least not until the points of Miss Christensen's platform are fully carried to completion.

In regard to the first plank, Loyalty to Lawrence, there can be no doubt as to the attitude of the Lawrentian, and the paper will continue to boost loyalty to the college. By far the greater effort will be extended, however, to the fulfillment of the second and third points of the program, Better Inter-group Relations, and Non-Partisan elections. Feeling that this can only be brought about by a broad and impartial presentation of news and opinions, the Lawrentian will print whatever is of value to the student viewpoint, and urges that students who wish to express their views through this paper will not hesitate to present them.

To Miss Christensen, who for two years has taken charge of the publication of this paper, the new staff wishes at this time to extend on behalf of the Lawrentian, a vote of appreciation for her work in this field. As editor, Miss Christensen brought the Lawrentian to the front as a noteworthy paper, and her assistants, Mary Gregory, and Elizabeth Earle are also deserving of credit for their services. Burton Behling has closed a year as business manager with satisfactory results, and he also is deserving of thanks.

## THE TRACK MEET

Although the date for the Lawrence college high school track and field meet is still nearly three weeks away, students have been urged to utilize this opportunity to "show off" their college to its prospective students. Many high school boys will be in Appleton on the date of the meet, and the college will be forced to put its best front to the critical group. The meet affords Lawrence a splendid opportunity to "sell" itself to the young visitors.

## You Are Far From Home? That Doesn't Matter--

You may be a long way from home, too far to be able to see and greet your dear mother on Mother's Day. But that doesn't keep you from telling her with candy what she means to you.

Remember Burt's ship candy anywhere you desire. Just order the candy and the packing and shipping will be given prompt attention.

## Sig Ep Alumni To Hold Reunion This Week-end

A delegation of seventy-five alumni from all parts of the United States is expected to attend the fourth Sigma Phi Epsilon quadrennial reunion to be held this week-end. The purpose of the meeting is to reunite the older members of the fraternity with the younger and to elect officers and directors of the Sigma Phi Epsilon Householding corporation for the next four years.

The program for the week-end will begin Friday evening with a dinner at the fraternity house followed by a smoker. Athletic events, such as golf, tennis, baseball, and bowling, will be arranged Saturday afternoon. Saturday evening a banquet will be held at the Northern hotel. The reunion will close with a dinner at the house Sunday noon.

## Dr. Bagg's Classes Make Trip To Green Bay Quarry

Dr. Rufus M. Bagg's Physiography classes went on a field trip to Duck Creek quarry, near Green Bay, Thursday afternoon to inspect places of physiographic interest. The class visited Duck Creek quarry, Erosion creek, the city water plant, the Green Bay public museum and the United States weather bureau station.

## Dr. Trever Speaks

Dr. A. A. Trever, professor of history, spoke on the subject of Current Criticism of Democracy at a meeting of the History club, which was held at Hamar house Tuesday evening.

## To Speak in Wausau

Dr. Albert A. Trever, professor of history, will speak before the first Methodist church of Wausau on Sunday, May 6.

## Geological Engineers

A business meeting of the Geological Engineers' club was held in science hall Wednesday evening at seven o'clock.

Mr. Howland of Waupun visited his daughter, Marion, '31, on Saturday.

## Y.W.C.A. Meeting

Spring poetry night was observed at the meeting of Y.W.C.A. Thursday evening at Hamar house. Each girl brought her favorite poem to be read, and songs in keeping with the season were sung.

## Plays in Chapel

Miss Frances Moore, of the Conservatory faculty, presented several cello solos at convocation Wednesday. The selections were "Oriental" by Cui, "Scherzo" by Van Gaens, and "Songs My Mother Taught Me" by Dvorak.

## Holds Business Meeting

A business meeting of the Newman club, Catholic students' organization, was held at the Catholic home on W. Washington street, Sunday evening. It was decided that the last meeting of the club for this year will be held May 20.

## Essay Is Published

"Further Adventures of Alice in Wonderland", an essay by Mollie Sirit, '29, appeared in the May 2 issue of the New Student. The theme of the essay is somewhat similar to that of Lewis Carroll's famous "Alice in Wonderland" and describes the adventures of Alice in college.

## When Dad was a "Modern Youth"

**B**ICYCLES, stereopticon lectures, and the "gilded" youths with their horses and carts; at night the midnight oil burning in student lamps while the gas lights glared and flickered across the campus—the gay nineties when Dad was in college seem primitive to us to-day.

Now it's sport roadsters, the movies, and radios. At night the MAZDA lamp replaces the midnight oil in dormitory rooms, while modern

street lighting sheds its friendly glow over the campus.

Without electricity we would have none of these improvements. To-day's marvel of electrical invention becomes to-morrow's accepted utility. In the coming years, by taking advantage of new uses of electricity you will be able to go so much farther that the "tearing twenties" will seem just as primitive as the "gay nineties".

Scientists in the research laboratories of the General Electric Company keep G.E. a leader in the field of electrical progress. Skilled G-E engineers develop each latest invention. The G-E factories carry out the engineers' designs with high-quality material and expert workmanship.

## Committees Picked For Track Meet

Large Entry List Received For High School Event Here May 19

Six committees were chosen to take charge of the first annual Interstate Intercollegiate Track and Field meet to be held here Saturday, May 19, at a Blue Key meeting Wednesday evening. Blue Key is handling the affair, under the sponsorship of the college.

Thirty-three of the leading high schools of Wisconsin, Michigan, Minnesota and Illinois have accepted invitations. It is expected that the intercollegiate meet will be the most colorful held here since the practice was begun in 1901. Dope has it that practically every record set in previous meets will be smashed this year. Back in 1901 the affair was open only to schools in the Northeastern Wisconsin league and this tradition remained until 1917 when the war put an end to the activities. Little interest was manifested in the event when it was resumed as a state wide contest in 1920, and in 1922 and '23 no meets were held. Large entry lists have been received since 1924, at which time the meet was again held, and there has been no trouble this year in gathering the cream of high schools in this section.

Ray Dodge, a member of the United States Olympic team of 1924, and former distance runner for the Illinois Athletic Club is to act as referee. He will be assisted by several other nationally known track and field stars.

The meet is to be an all-day affair with Class "B" schools competing in the morning, and Class "A" schools in the afternoon. The athletes will be entertained at the fraternity houses at buffet lunches at noon and a banquet is to be held for them at Brokaw hall Saturday night. Professor Franzke will speak at the banquet in behalf of the college and gold, silver, and bronze medals will be awarded to the winners of first, second and third places in each event. Merchants of Appleton, working in cooperation with Blue Key and the college, are donating the medals and cups.

Blue Key is also sending four hundred invitations to high school students, other than the athletes, to attend the meet and become acquainted with Lawrence.

The committees are: Arthur Mueller, general chairman; medals—Elmer Ott, chairman, James Ford, Lael Westberg, and Carl Engler, all '28; entertainment—Bruce MacIn-

## Viking Netmen Meet Marquette Saturday

After a few weeks of drill, as intensive as weather conditions would permit, the Viking tennis squad leaves tomorrow for Milwaukee, where it will meet the Marquette university net squad in a dual affair.

Final selection of the four man team was made yesterday afternoon by Dr. A. D. Power, under whose supervision the squad has been working. "Zeke" Rummel, '30, and Harry Hanson, '28, are practically sure of their positions on the team for the first meet. Parker, '30, Pierce, '30, Robson, '28, and Krause, '30, competed for the other two places.

Eight dual meets have been scheduled for the squad, as follows: May 4, Marquette, there; May 11, Oshkosh, here; May 12, Ripon, there; May 19, Ripon, here; May 25, Carroll, here; May 26, Oshkosh, there; June 1, Knox, here; and June 2, Carroll, there.

## Girl's Spring Tennis Tournament Begins

The girls' spring tennis tournament will begin Monday, and the finals will be played off on May day, May 26. The tournament will consist of singles exclusively. The winner will gain twenty points for her class toward the Wisner Cup; and winner of the losers will play the loser of the finals to determine the runner-up position.

All entrants must sign the bulletin in main hall by Saturday noon. Absolutely no late entries will be allowed. Class tennis managers are: Elwood, '28, Upham, '29, Baivier, '30, and Oestreich, '31.

uis, '29, chairman; James Hill, '29, Burton Behling, '28, and William Verhage, '28; program—Ray Menning, chairman, Myron Kittleson, Don Babcock, and John Walter, all '29; grounds—Don Hyde, '28, chairman, Carl Thompson, Harold Cripe, Harold Bendt, and Ray Richards, all '28, and Ervin Marquardt, '29; general arrangements—Doug Hyde, '28, chairman, Ross Cannon, '30 and Alex Hunter, '28; information table—Kermit Clark, '29.

## Four Teams Tied For First Place In Baseball Loop

Sigas, D.I.'s, Phi Taus and Phi Kaps Are Undeclared As Race Opens

### INTERFRATERNITY LEAGUE

Team	W.	L.	Pct.

## SOCIETY

### Psi Chi Omega

#### Entertains at Spring Formal

Forty couples were entertained at a spring formal by Psi Chi Omega at the Valley Inn, Neenah, Saturday evening. The decorations were spring flowers, palms, and special lighting effects. Hammered silver candle sticks were given for favors.

The chaperones were Miss Marguerite Woodworth, Dr. John B. MacHarg, Miss Jessie Mae Pate, and Professor William McConagha. Mr. and Mrs. H. S. Harwood were guests. Music was furnished by Gib Horst's Rainbow Garden orchestra.

### Kappa Delta

#### Announces Engagement

Kappa Delta announces the engagement of Alberta Linn, '26, to Benjamin Way, both of Medford, Wisconsin. The marriage will take place in June.

### Pledging

#### Announced

Theta Phi announces the pledging of Alden McElroy, '31, Elgin, Illinois.

### Beta Phi Alpha

#### Holds Supper

The members of Beta Phi Alpha held a supper at the chapter rooms on Eldorado Street Tuesday evening.

### Marjorie Lockard New Biology Club Leader

Marjorie Lockard, '29, was elected president of the Biology club at a meeting of the organization held in science hall Wednesday evening. Other officers elected are, Carl Hoffman, '29, vice-president; Eva Mossholder, '29, secretary, and Luzern Livingston, '29, treasurer. Professor Walter E. Rogers, head of the department of Botany, gave a lecture on biological work at the Lake Douglas station of the University of Michigan.

### Chemistry Club

Charles Scott, '29, spoke on the subject of Atomic Structure at a meeting of the Chemistry club which was held Tuesday evening in science hall. This was followed by a lecture on Atomic Weights and Isotopes by Brown Scott, ex '27. Refreshments were served following a business meeting.

At the next meeting of the club, which will be held next Tuesday evening, Dr. A. D. Power, head of the department of Physics, will speak on his experiences in magnetic survey in South America.

Harold Heulster, '29, was operated on for appendicitis at an Oshkosh hospital on Wednesday.

### Graduate Recital Given By Violin Student

Roberta Lanouette, from the studio of Prof. Percy Fullinwider, presented her graduate violin recital at Peabody hall Wednesday evening.

Opening her program with a Beethoven sonata and including the first movement of the brilliant E minor concerto by Mendelssohn, Miss Lanouette presented a recital which was enthusiastically received by the audience. Kreisler's popular composition, "Frasquita", was well played, while her own composition, "Danza Española", very Spanish in character, was outstanding.

Franklyn LaFevre, of the studio of Dean Carl J. Waterman, sang a group of songs by Landon Ronald. Nettie Steninger Fullinwider and Everett Roudelush were the accompanists.

### Four Teams Tied As Baseball Loop Opens

(Continued from Page 1)  
an 8 to 4 lead on the Sig Eps in Monday's game, but Sig Ep festivities started in the second inning and continued throughout the fray, ending with that team on top, 36 to 17. Several circuit clouts with men on bases accounted for a large part of the Sigma total.

#### Score

Psi Chis ..... 8 2 0 1 2 1 3—17  
Sig Eps ..... 4 6 4 9 3 4 6—36  
Batteries: Sig Eps—Pheneie and Klausner. Psi Chis—Herrman and Hall.

#### D.L.'s 31; Delta Sigs 1

The D.L.'s slugged their way to a 31-1 victory over the Delta Sigs in their first game of the interfraternity baseball season Tuesday. The fourth inning proved the easiest for the Union street team, the home plate being crossed by them ten times in this frame, while the Delta Sigs scored their lone tally in the fifth. Steinberg and Rasmussen hit home runs for the D.L.'s, while Babeock counted the lone run for the Delta Sigs with a circuit smash.

Score:  
Delta Sigs ..... 0 0 0 0 1 0 0—1  
D. L.'s ..... 0 6 6 10 3 2 4—31  
Batteries: Delta Sigs—Babeock-Malmberg; h.l.'s—Steinberg, Ras-

### Phi Taus 5, Betas 4

The Phi Taus bunched hits and Beta errors in the first two innings to grab a 5 to 1 lead over the Betas Tuesday afternoon, and managed to hold it until the seventh inning when a Beta rally fell one score shy of tying the count. The final count was 5 to 4 with the Phi Taus on top. Anderson of the Phi Taus and Walter of the Betas garnered two hits out of three trips to the plate for high batting honors.

#### Score:

Phi Taus ..... 3 2 0 0 0 0 0—5  
Betas ..... 1 0 0 0 0 0 3—4

Batteries: Phi Taus—Behling and Stowe; Betas—Mac Donald and Scott.

### Phi Kaps 6; Theta Phis 3

Although the Theta Phi got away to a two run lead in the second frame of Wednesday's game with the Phi Kaps, the latter smashed through in the late innings to cap their first start of the season. Catlin pitched good ball for the losers, but errors in critical moments let Phi Kap runners dribble over the plate in two innings to win. A three run splurge in the sixth cinched the victory for the Kaps.

#### Score:

Theta Phi ..... 0 2 9 2 0 ' 0 0—3  
Phi Kaps ..... 0 0 0 2 1 0 3 x—6  
Batteries: Catlin and Slavik; Clark and Weller.

### Sig Eps 10; Betas 7

The Sig Eps kept their slate clean when they totaled seven tallies before the Betas made an impression in the fourth and they managed to come

### Senior Jack Says:

"Here's real  
efficiency"

"If you're interested in efficiency, you ought to go down to the Valetaria Shop and watch their system. They have six separate presses—one for each part of the suit. These presses shape the suit at the same time it is being pressed,

restoring its original style. The Valetaria method makes the old hand pressing look like a relic of the ox-cart days. Arthur Gyll is manager of the Valetaria, and he is always glad to have Lawrence students come in and watch him work."

### Keep Off The Courts, Is Warning Of Coach

Dr. A. P. Powers requests those who use the tennis courts to cooperate in keeping them in good condition.

Players should remember to wear soft-soled shoes and not to play on the courts immediately after a rain. A little help from the students will keep the courts in good playing condition for the rest of the year.

across with three more runs to eclipse the Betas' three point rally in the seventh. Twelve Beta errors and nine Sig Ep hits explain themselves as far as total runs go. Schauer of the Sigmas was the only man to get two hits out of three attempts.

#### Score:

Sig Eps ..... 0 3 1 3 1 1 1—10  
Betas ..... 0 0 0 0 2 2 3—7

Batteries: Sig Eps—Pheneie and Klausner; Betas—Jackola and Scott.
